

"Your Money Spot" *Study Guide*

Welcome everyone to "Your Money Spot": How to build a thriving team in a short amount of time, doing what you love to do, making a difference in the lives of others, and *challenging yourself* to move far beyond what you've done in the past.

I'll share how I recruited 107 reps in a year that sold \$527,000, and how I went from just recruiting a handful of people a year, to becoming a master recruiter and developing strong producers that were making money, leaving their jobs and creating their rendition of an ideal life.

It's such an *amazing* high watching people's lives change--it's what I live for, and now I coach and train thousands of members in my Protégé Program who have taken their recruiting from average to consistently recruiting 30, 40, 50 and even 100 new reps a years. And guess what? You can experience that too!

I have a challenge for you to design a 30-day plan to take your recruiting to the next level. What that really means is, "*If you stretched yourself and really went for it, how many new reps would you bring into the business in 30 days, and when would your 30-day campaign begin?*" Meaning your 30-day campaign could begin today, or in two weeks, or even a month from today. It's not about urgency, it's about a timeframe when you can be your best and laser FOCUS!

Our training is all about stretching yourself *beyond* your capacity and playing full-out. Make a decision. What do you want? Do you want to recruit 3, 5 or 10 new reps? What do you *really* want to accomplish? And when will your 30 Day Campaign begin? When you are hesitant, you become confused and indecisive. Just decide **right now** that you're going for it. What do you really want to attract?

Mastering your business opportunity is a 5-step process. I call this process my 5 – I program.
